RELEVANT EXPERIENCE

Wick Communications — Journalist Product Manager

AUGUST 2020 - PRESENT

- helmed Herald/Review Media's Google News Initiative-funded product, NABUR (Neighborhood Assisted Bureau Reporting) & grew audience development
- produced original data reporting in service of our hyperlocal focus
- introduced and integrated Sprint/Agile methodologies to a legacy newsroom

Long Island Press — Pat and Rowland Rebele Fellow

JUNE 2020 - SEPTEMBER 2020

- covered local government, COVID-19, primary elections, public institutions, and other topics of interest for Long Islanders
- wrote the August 2020 cover story
- copyedited and proofread for print and web editions

Center for Deliberative Democracy — Research Assistant

SEPTEMBER 2019 - JUNE 2020

- worked under Communication Prof. James Fishkin towards understanding how to empower civic engagement through information by uplifting citizens' voices and increasing political efficacy.

Smithsonian Freer-Sackler — Richard M. Louie Memorial Digital Media and Technology Intern

AUGUST 2019 - SEPTEMBER 2019

- re-envisioned outdated interactives with design thinking and an eye for accessibility through Bootstrap, CSS3, and HTML5
- optimized the Freer|Sackler's podcast series through iTunes and Spotify integration, detailed analytics, and metadata tagging

Industrial Technology and Research Institute — Product Management Intern

JULY 2018 - AUGUST 2018

- one of the main architects developing a next-generation fitting room
- researched different solutions for the various features of the dressing room by performing prototype tests for lighting, sizing, background imagery, and interior design and negotiated directly with suppliers
